

OUR VIP TOURS

“ An absolutely unforgettable experience! It was like being in another world and being the very same explorers who discovered this absolutely magic place more than a century ago! ”

ALESSIA SIREL

A VIPTOUR

You'll be welcomed as you arrive by one of our **boatmen-guides** – your single point of contact for this VIP tour of the Gouffre de Padirac.

During the tour, you will **learn all about the adventures of Édouard-Alfred Martel** – the first man to explore the Gouffre de Padirac and the father of modern speleology – as well as the history of **this extraordinary natural site** and how it was formed. **An experience brimming with emotion and unforgettable memories.**

A VERY SPECIAL DISCOVERY

Enjoy priority access as you journey **to the centre of the Earth** (to lifts, the pier and the landing stage), and cross the underground river in a private boat.

That way, you are **free to engage in discussion** with your guide, who will be able to talk about **different aspects** of the visit, depending on what you are interested in.

MEMORABLE EXPERIENCE

To help you get even more out of your visit, we will **provide you** with macarons, some fresh fruit and a glass of champagne that you can enjoy as you listen to the guide. And if you want to **immortalise your incredible adventure...** we can take a **souvenir photo** of you in the Gouffre de Padirac.
